MASTER'S MESSAGE

My Brethren:

Our sixty-fourth installation, with its many happy memories, is now behind us and we are looking ahead to another fine year for Las Palmas. I recently became curious as to how the name of our lodge originated and a little research revealed it was suggested by Bro. Herbert Z. Austin, a judge of the Superior Court, who eventually became our fourth Master. "Las Palmas" alludes to the thousands of palm trees that were planted throughout this part of California when irrigation began and which still beautify this area. Our lodge met in the old temple on the southeast corner of Tulare Street and Broadway in those early years.

This is the month that we celebrate the birthday of Bro. George Washington, our first President — and fittingly we have scheduled a First Degree for February 22. Bro. Washington took his degrees in Masonry in "the lodge at Fredericksburg" in Virginia in 1752-53. He was a charter member and first Master of Alexandria Lodge No. 22, and served two terms as Master. He held that office at the time he was inaugurated President on April 30, 1789. The Bible that was used to swear him in as President was borrowed from St. Johns Lodge No. 1 in Philadelphia and the oath of office was administered by Bro. Robert R. Livingston, who was the Grand Master of Masons of New York. Many Masons today feel they cannot participate in their lodge activities because of the demands of their jobs, yet Bro. George Washington found time to serve as Master of his lodge while at the same time serving his country as President. Bro. George made no secret of his membership but was very proud to display the emblem of our Craft. In doing so, he assumed the task of daily proving to the world that he was worthy to wear it.

So it is today my brethren. Each of us who wears the Square and Compass is watched by others to see if he will live up to their ideas of Masonry. If we fall short of our duties and obligations we may cause criticism, not only of ourselves as individuals but of the Craft as a whole. Taking the degrees of Masonry will do nothing for us unless we live the lessons taught therein.

Reports from our Sickness and Visitation committee indicate that these cold winter months have brought more than their share of illness to many of our brothers. When-

ever you hear of a brother being ill, please notify either Bro. Price Robinson or our Sickness-Visitation chairman, Bro. Heber Moreland (227-4677), so we can remember him with a card or visit. None of us should forget that as Masons, it is our especial duty to soothe the unhappy and sympathize with their misfortunes. By a call, card or visit we can lighten our brother's load and enrich our own lives as well.

Don't forget to mark your calendar for February 15, "Dinner With Our Dates." In celebration of Valentines Day the theme will be "Sweethearts." The brothers will be serving and their "Sweethearts" dinners will be free. We'll be seeing you there!

Fraternally, Len Gottner, W.M.

THE NEW MASONIC TEMPLE IN FRESNO

The new Masonic Temple, to be the home of Fresno, Center, and Sun Garden Lodges, is now completed and ready for occupancy. The first meeting was held there on Wednesday, January 3rd when Center Lodge held their stated meeting. This was followed by the installation of officers of Fresno Lodge on Friday, January 5th and Sun Garden Lodge on Saturday, January 6th.

The new temple is the culmination of many dreams, plans, heart breaks and work. The first meeting of Master Masons in the village of Fresno was held 90 years ago in Magnolia Hall on H street between Mariposa and Tulare. In 1878 a charter was issued to Fresno Lodge and meetings were held in a building on the north side of Mariposa Street between Broadway and Fulton. The first Masonic Temple was established in a building on the south west corner of Tulare and Broadway streets. A fire on August 6th, 1893 destroyed all lodge records. The building was reconstructed and used until 1911 when the Masonic Temple on the corner of Merced and Van Ness was constructed. That Temple in turn had to make way for progress when it was pre-empted by the city for a parking facility. After many months of discussion, the present site was selected, plans were drawn and construction began on March 21, 1967. Work progressed rapidly and on September 23, 1967 Laurence E. Dayton, the Most Worshipful Grand Master laid the cornerstone. Work was completed and on December 15 the Temple Board accepted the building.

From the original charter, dispensations were issued to form Las Palmas No. 366, Center No. 465, Sun Garden No. 530 and Ponderosa No. 700. Las Palmas recognized the need for more Masonic space and now occupies its own beautiful temple. Ponderosa also has own meeting place.

"Masonry has experienced its darker moments yet has survived ordeal by fire to give its lessons to the world. Masonry embraces the concept of true universality and invites good men of all beliefs. It stands as a symbol of tolerance and charity, holding high the torch of freedom and encourages harmony and understanding among all men."

To Masons this new temple will be sanctified by the great principles of freedom, faith and truth and as an enduring reminder to all that as long as Right, Justice and Liberty shall exist there will be Masons ready to defend them. It is the fervent prayer of all Masons that this beautiful Temple will be a monument of everlasting good in this community.

EDITORIAL

In a lodge of our size only a limited number of men can ever attain the exalted office of Worshipful Master. Those who have never held the office can seldom appreciate the price these men pay for the privilege of serving and its moment of transient glory. What is the price? Well, Masters give up a great share of their free time and often large chunks of their business time for seven or eight years. They spend countless hours learning the ritual, studying with the degree coach and passing examinations with the inspector in order to present an effective degree. They appoint and supervise the work of 15 standing committees, attend to all the details of the screening and individual investigating committees, call on ill brethren, investigate applications for the Masonic Homes, counsel with member brethren on personal problems, counsel with the Trustees, secretary, treasurer and Temple Committee on lodge finances, attend Grand Lodge and district officers association, answer 5,000 telephone calls, arrange schedule of degrees and with candidates coach keep candidates progressing, oversee and write much of the trestleboard and so forth.

Now, what reward does he receive from the membership for his labors? On a good night he will find 30 to 50 members in the lodge to support his efforts and this will include his officers and a few sojourners.

Where are the other 1,000 members? Some live out of town or travel so they are out of town on lodge night, some are ill or at an advanced age where they don't get out, some are watching favorite TV programs or playing bridge, some are attending athletic spectator events or maybe bowling, others are working at office or store or calling on prospects, a few are on church tasks and the list becomes so diverse as to defy classification.

This is not for one night. It goes on for all the 45 or so nights that the lodge meets in each year and two years and five years and ten years. In fact, some men never attend their lodge. There is a certain period when men decide whether or not to attend lodge. When this time passes there is no debate or consideration. Lodge is a dead issue — a pleasant memory and an unrealized ideal.

It is time that all Masons come to realize that while Masonry offers privileges, it also involves duties and responsibilities. One of these is to give something of your personality, your time and your efforts to assist this lodge to attain its objectives and serve as a model of civic responsibility. It is not the job of 100 men to keep this lodge functioning so that you may derive whatever values you see in it. Brush aside your excuses and present yourself to your Master with a sincere offer to serve. — Editor

BOUQUET TO THE REFRESHMENT COMMITTEE

I wish to thank the following named brothers for their co-operation in assisting Mrs. Gottner prepare the dining room for the refreshments served after the installation of officers on Saturday, January 13, 1968: Ralph A. Mills, Gene Stevens and Charles W. Ramsey, especially Ralph, who reported both in the afternoon and evening.

Our first attempt at preparing a meal turned out to be a success beyond my highest hopes. This was the breakfast served at the meeting of the Officers Association. The menu was French Toast, Pork Sausages and Hash Brown Potatoes. The tables were very attractively decorated with red berries and ivy supplied by Ed Carpenter who also supervised this affair. The following named brothers (the working crew) reported at 7:00 a.m. Sunday, January 21st.: Edward C. Carpenter, George A. Wilcox, Richard W. Hopper, Ralph Saroyan, Paul C. Shelly, Orville L. Cook, Vern Fouty, Charles B. Heines, Jr., George J. Lang, Don Lester, Cecil McFarlane and Phillip McPherson.

The old saw "Too many cooks spoil the broth" did not hold true in this case. The kitchen was full of "Chefs Par Excellence" and NOBODY spoiled ANYTHING. Thank you brothers.
