"40" DON, family or friends! The cost for the bus trip, snacks, games and driver tip is only \$55 each.

Hot, Hot, Hot that is what has hit our valley! Past Master John Denton and I were able to escape for three weeks and

picked up our daughter,

Tonia Denton-Turnbull, PWA Golden Realm Assembly and grandchildren from New Zealand and headed for San Diego (to visit my son's family). Then onto LA (shopping at garment district-John loved that one), Hollywood, Ventura, Santa Barbara, Solvang (saw the big fire), Moro Bay and then they made me leave the ocean behind and return to the Valley! I left my heart, soul and mind at the beach!

We did get home just in time to attend the **"Patrol/Past Queen's Ice Cream Social"** and it was pretty **"Cool"** there. There were pies, cakes, ice cream and cookies. Have you ever noticed that people are very much like cookies? Some are plain, others fancy, some are hard, others soft, and so on, and so on. The ingredients are what make the cookie, from the plain sugar cookie, to the most decadent chocolate chip cookie. The American cookie favorite by far is the Chocolate Chip Cookie. It out sells almost all others combined. The special ingredients of course are the chocolate chips. If, you look at your cookie rack in your favorite store, you'll find plenty of chocolate chip cookies. There are no bad chocolate chip cookies, and I can attest to that. Like life, it's what you put into it that makes the difference. We are all different flavored cookies traveling through life. In our **Sharon Temple, Daughters of the Nile**, we add our own special talents and give it a better flavor. How we act and treat each other can add a favorable quality to any cookie. **You all are the special chocolate chips in the cookies of my life.**
