

2020 GRAND CROSS OF COLOR OBSERVANCE

Be of Some Service Each Day

November is the month that members of the Grand Cross of Color would usually gather together to reaffirm our commitment to service by either breaking bread with other holders of the Grand Cross of Color and/or taking the Obligation.

Unfortunately, this year we are not able to do that in person. Instead, and to celebrate service, I am challenging each and every person in our area, a member of the Grand Cross of Color or not, to find a way to spend at least part of the day on Sunday, November 15th doing some type of service, something meaningful to you.

Service is at the center of our Organization and it is especially important that we always remember that.

"Service doesn't have to be big and grandiose to be meaningful and make a difference."

-Cheryl A. Esplin
